1. Explanatory Notes

1.1 Introduction

This statement has been prepared by Northern Powergrid (Northeast) Plc in accordance with the requirements of standard condition 36 of its electricity distribution licence (“the Licence”) issued under the Electricity Act 1989 (“the Act”). Words and expressions that are defined in the Act and are used in this statement have the definitions given to them in the Act and should be construed accordingly.

This statement describes the service of providing Metering Point Administration Services and Data Services offered by Northern Powergrid (Northeast) Plc and sets out the basis of the charges made by Northern Powergrid (Northeast) Plc for such service.

The charges in this statement relate to the provision of Metering Point Administration Services and Data Services as defined in standard condition 18 of the Licence.

The Licence requires that the terms and charges contained in this statement should be reviewed at least once each year. Charges and costs shown are current at the time of publication and will not be changed except as provided for in the relevant Distribution Connection and Use of System Agreement (DCUSA) and subject to the requirements of standard condition 36 of the Licence.

1.2 Fee for Statement

Standard condition 36.5 of the Licence states that:

The licensee may make a charge for any Charging Statement given or sent under paragraph 36.4(b) but this must not exceed the amount specified in directions issued by the Authority for the purposes of this condition generally, based on the Authority’s estimate of the licensee’s reasonable costs of providing the statement.

Northern Powergrid (Northeast) Plc does not propose to charge for providing single copies of the statement where these are downloaded, in PDF format, from the Northern Powergrid website. Access to this facility can be gained at www.northernpowergrid.com.

1.3 Entitlement

In accordance with standard licence condition 35, upon application Northern Powergrid (Northeast) Plc will offer to enter into an agreement with any person for the provision of Metering Point Administration Services and Data Services within its distribution services area, specifically:

35.3 On application made by any person, the licensee must (subject to paragraph 35.9), except with the consent of the Authority, offer to enter into an agreement for the provision within its Distribution Services Area of Metering Point Administration Services under and in accordance with the provisions of the Retail Energy Code and the Balancing and Settlement Code.

35.4 On application made by any person, the licensee must (subject to paragraph 35.9), except with the consent of the Authority, offer to enter into an agreement for the provision of Data Transfer Services.

1.4 Right of Determination

This statement describes the provision of Metering Point Administration Services and Data Services and the basis on which Northern Powergrid (Northeast) Plc will charge for this service. It is not a formal offer of terms for the provision of such services.

For information, in accordance with standard condition 35.11 of the Licence, any applicant who has been unable to reach agreement with Northern Powergrid (Northeast) Plc on terms for the provision of Metering Point Administration Services or Data Services may seek determination by the Gas and Electricity Markets Authority (GEMA). Any applicant wishing to seek such determination should contact:

Office of Gas and Electricity Markets Authority
