

Peer-to-peer energy trading

Northern Power Grid | June 2017 | Andy Kilner

About us

- ➡ Piclo Platform
- ➡ Operational in UK and Italy (soon)
- ➡ Raised £1.3m

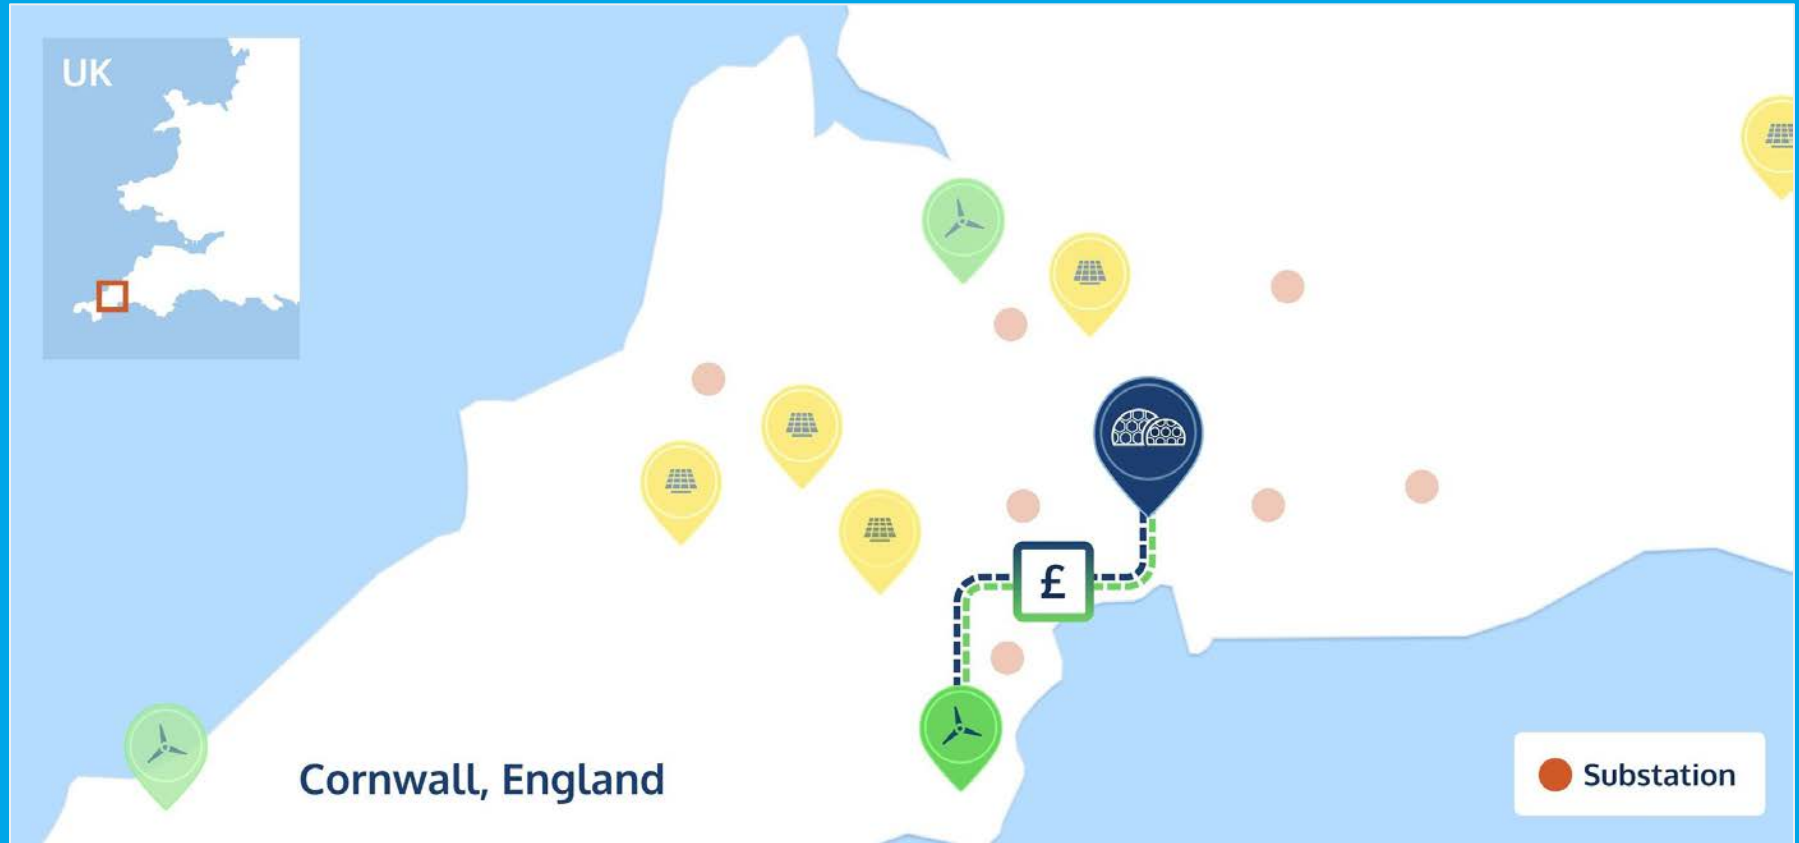

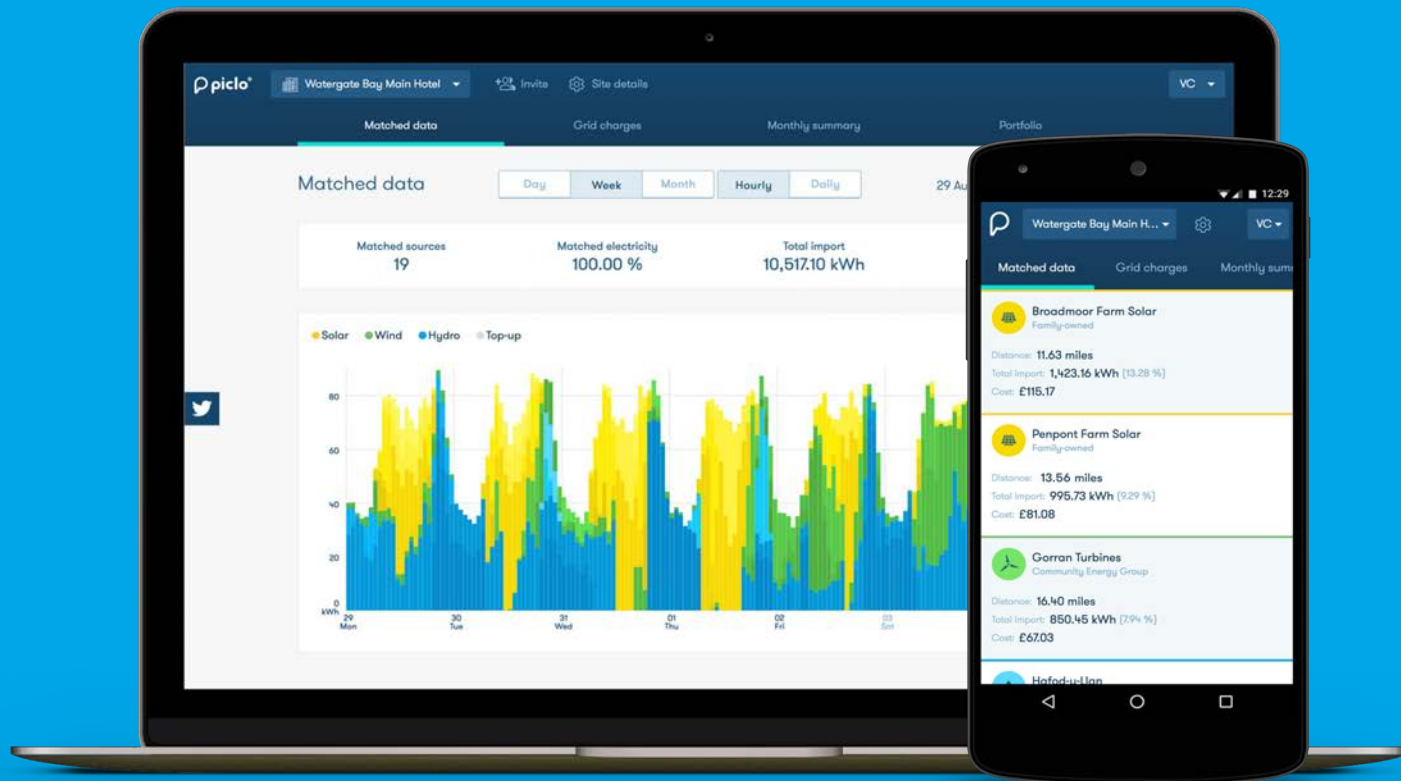

Traditional renewable tariffs

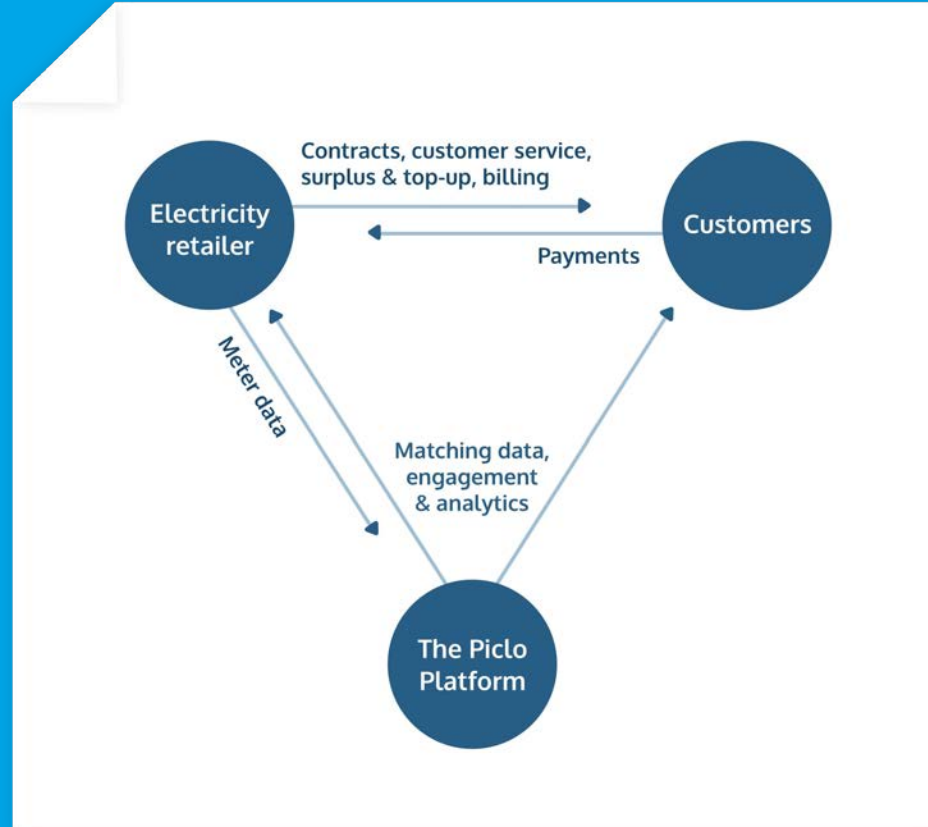

Peer-to-peer renewable tariffs

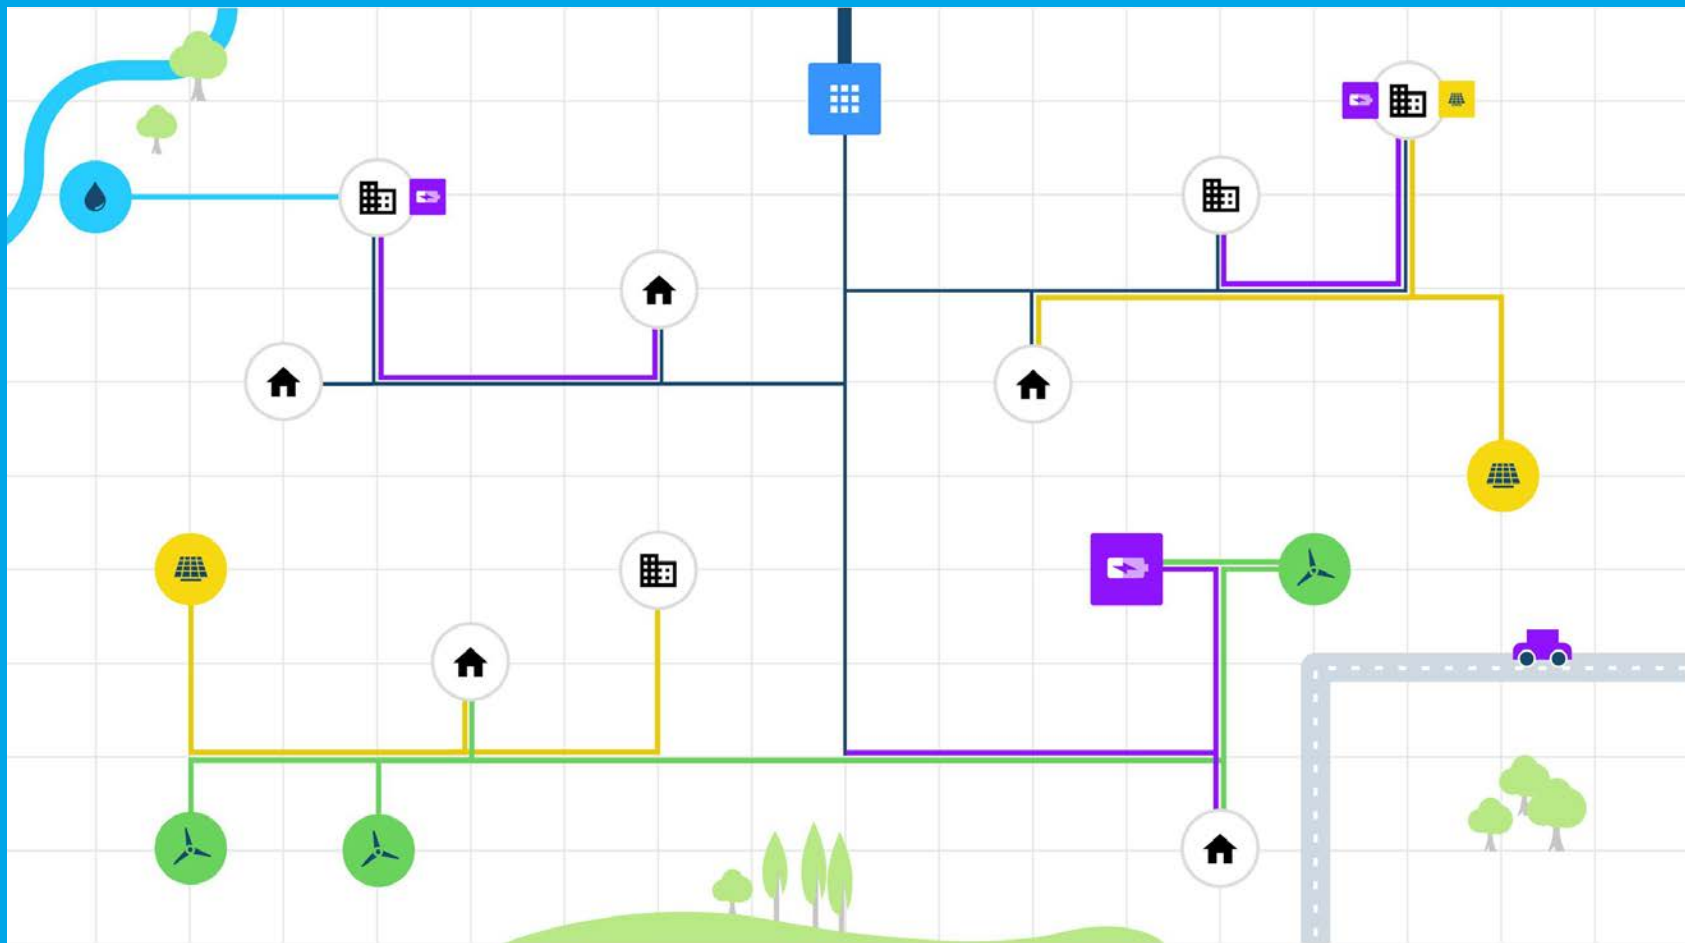

Piclo[®] Peer-to-peer matching technology

How does it work?

Summary

- Built and launched commercial peer-to-peer electricity trading
- Understand the customer, giving transparency and choice
- Unlocking financial benefit to local trading

Thank you

Andy Kilner
